18th April 2022

To
All Teachers

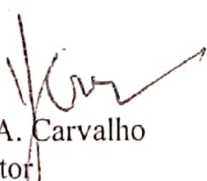

Dear Teachers,

You are aware that Covid infections are increasing and we have to be careful, although we wish things were different.

All teachers are required to note the following :

- (a) Any class that has got information about students being infected should inform the parents and advise them to keep the children at home for the next three days and no absence will be marked.
- (b) If a teacher has not been well or someone in the family is not well, it is mandatory that she/he stays at home for minimum 3 days and inform the School which will be accounted as leave since we are not giving the benefit of leave like we did during the pandemic.

Please follow the procedures for your own safety and the safety of the children.

Fr. J.A. Carvalho
Director
